China, essential drugs, 82
medicinal plants, 84
cold chain equipment, Ghana, 345
comic books on immunization, 273, 279
community health workers, Haiti, 150
housewives in Thailand, 167
community participation, health planning, 156
prevention of cardiovascular diseases, 360
vector control, Mali, 57
water and sanitation, Thailand, 303
Cuba, maternal mortality, 348
Cyprus, thalassaemia, 291

data collection on health information, Philippines, 340
Tonga, 268
Zambia, 185
development, role of social science research, 406
drugs, misapplication, Finland, 79
selection, 252
China, 82
Sudan, 256

elderly, care in Norway, 178
care in Thailand, 181
environmental health, promotion of hygiene, 269
community participation, Thailand, 303
Round Table, 107
essential drugs, 82, 252, 256
Europe, breast-feeding, 65

family life education, Sri Lanka, 281
family planning, India, 165
Round Table, 315
Finland, misapplication of drugs, 79

food production, Sahel, 410
potatoes, India, 429
food safety, 248
France, action against smoking, 388
funding, health for all, Round Table, 3
voluntary health programmes, 194

genetic disorders, India, 69
Ghana, cold chain equipment, 345
village health workers, 270
goitre, India, 39

Haiti, community health workers, 150
health care, collaboration of social workers, Israel, 261
marketing techniques, 169
planning, 44
health education, 71, 72
blood donation, Nigeria, 389
India, 164
health for all, funding, Round Table, 3
health information data collection, Philippines, 340
Tonga, 268
Zambia, 185
health insurance, Round Table, 3
health planning, community participation, 156
health status, influence of life-styles, 380
influence of sport, 374
role of peace, 87
health systems research, training for nurses, Africa, 425
hereditary disorders, see thalassaemia
hospitals, restrictions on smoking, 417
role in primary health care, USA, 421

immunization, by private doctors, India, 267
cold chain equipment, Ghana, 345
comic books, India, 273, 279
Nigeria, 165
whooping-cough, 62
India, comic books, 273, 279
family planning, 165
genetic disorders, 69
goitre control, 39
health education, 164
immunization, 267
potatoes as staple food, 429
schoolchildren as health leaders, 191
